

# Professional Cordless Electrostatic Handheld Sprayer

The Professional Cordless Electrostatic Sprayer allows the user hours of spraying time without the hassle of dragging a cord. In addition, it is designed to save time and labor, spray less liquid, and cover more surfaces. The sprayer features patented technology that provides an electrical charge to solutions, allowing them to wrap conductive surfaces with an effective and even coverage. Double-charged particles envelop all conductive surfaces - shadowed, vertical, and underneath.

The sprayer comes with a versatile soft-sided worksite storage bag. This storage bag comes with practical, time-saving benefits, including upright, leak-free storage (no disassembly needed) and extra storage space for an additional tank or battery. It is also packed inside a sturdy, three-color box including all product features, benefits, and pertinent information.
