

ReadyDose™ Presoak Tablet

Enzymatic formula breaks down protein and starch films

Effective and efficient

- Presoaking flatware results in consistently clean and spotless results with every wash cycle
- Saves time and labor by helping to reduce need for rewash

Safe to use

- Safer product handling
- Requires no PPE

Easy on the environment

- Concentrated solid tablets contribute to reduced water, energy, and plastic waste

The tablet's solid chemistry
is formulated to
save on packaging.

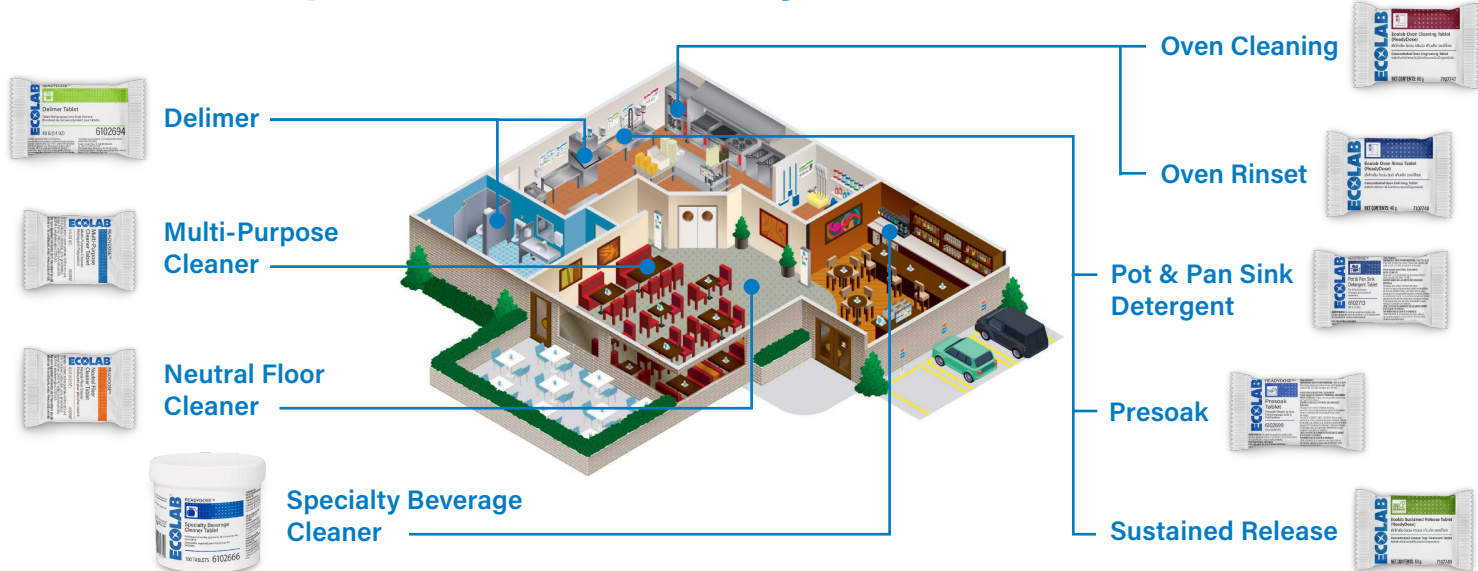

99.9%

reduction in plastic waste

The **Presoak Tablet (ReadyDose)** is part of the **ReadyDose™ Program**: an effective, easy-to-use tablet cleaning program available in a variety of applications to cover all your everyday cleaning needs.

1. Reduced plastic and cardboard waste enabled by minimizing packaging weight and materials due to solid tablet chemistry. Further detailed information for each product value found is located in disclosure details on [Ecolab.com/ReadyDose](https://www.ecolab.com/ReadyDose).

A complete, innovative program that delivers a professional-grade clean for your guests and a clear uncomplicated routine for your staff.

Directions for Use:

1

Tear open a packet and drop the tablet into a presoak tub. Wash hands after handling product.

2

Use 1 tablets per 11.3 L (3 gallons) of water. Fill the tub with warm water at 42-49 °C (110-120 °F) and allow the tablet to dissolve.

3

Place dirty flatware into the solution and allow to soak.

Empower your employees with easy-to-use, color-coded tablets.
